

THE PROCEDURE FOR ESTABLISHING LIVESTOCK FARMS AND ALLOCATING LAND TO THEM

Introduction. Animal husbandry occupies an important place in the economy of the Republic of Uzbekistan. The production of livestock products on farms is of great social importance and is an important source of income and food for the rural population. Today, along with all aspects of the national economy, large-scale economic reforms are being implemented in agriculture and livestock breeding, which is considered its main branch. The main thing is that the organizational and legal foundations of stable development of animal husbandry in the conditions of the market economy have been created.
