

THE UNIQUE PLACE OF VALUES IN SPIRITUAL PROGRESS

Introduction. It is difficult to imagine the national values of every nation without its history, spirituality, culture, unique customs and traditions. "When we say "value", we must understand the totality of goods and events of nature and society that serve the interests and goals of the nation, people and social groups that are important to people and humanity, valued and valued by them."

"Values are a set of people, relationships, situations, material things and spiritual wealth that have prestige, attention, respect, influence among people in society"². "Value is a component of human and social spirituality, a concept used to express the value of events, events, processes, situations, qualities, demands and procedures in the world." "Value is used to show the universal, socioethical, cultural and spiritual significance of certain events in reality concept" - definitions are given. This in turn shows the importance of values. National values are a form of identity associated with ethnic aspects and characteristics important to a nation. There is no nation in the world without its own values. National values turn out to be inextricably linked with the history, way of life, spirituality and culture of the nation. Recently, attention to national values has increased in Uzbekistan. This is a tribute to the Motherland, to the memory of our ancestors.
