
IMPROVING THE ECONOMIC MECHANISM FOR INCREASING THE EFFICIENCY OF INVESTMENT IN SMALL BUSINESS AND PRIVATE ENTREPRENEURSHIP

Introduction. Small businesses and private entrepreneurship are considered important factors in ensuring sustainable economic growth due to global structural reforms, including in Uzbekistan. Recent years have seen the importance of small business and private entrepreneurship in assuring the sustainable development of various sectors of the economy, creating jobs, increasing employment, strengthening the income base, and enhancing the business and competitive environment in the country.
